Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 08 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Very cold and windy with further snow, mainly in east.

This Evening and Tonight:
Snow showers continuing in eastern areas with further accumulations likely, particularly later in the night in central parts of Scotland. Western parts more sheltered with the odd flurry possible. Very cold with strong winds leading to significant wind chill.

Tuesday:
Further snow showers in the east, frequent and heavy in central Scotland. Many western parts dry with some sunshine, but very cold again. Windy in the south.

Outlook for Wednesday to Friday:
Very cold, with snow showers for eastern and northeastern areas at first. Widespread severe frosts overnight. Cloudier in the west later Thursday, with snow possible for western/southwestern areas. Becoming windy.
